

OZ MARITIME

SUPERYACHT SAFETY

SAFETY MEETS ELEGANCE

THE WHITE GLOVE STANDARD

A superyacht is not just a vessel; it is a floating luxury home. We understand the level of care required onboard.

INTERIOR PROTECTION

Our technicians use shoe covers, protective mats, and clean uniforms. We ensure absolutely zero damage or marking to teak decks and interiors.

INVISIBLE SERVICE

We respect your privacy. Service schedules are tailored around your guest trips to ensure we are invisible when it matters.

Yacht Safety Services

FIRE FIGHTING

Portable Fire Fighting Equipments
Fixed Fire Fighting Systems
Fire Detection Systems

CLEAN AGENT SYSTEMS

Service of Novec 1230™ and FM200 systems. These gas-based systems leave no residue, protecting your valuable art and electronics.

WATER MIST

Maintenance of high-pressure water mist systems (Hi-Fog), ensuring effective fire suppression with minimal water damage.

GALLEY PROTECTION

Ansul and wet chemical system services for professional yacht galleys. Quick turnaround for busy chefs.

SOLAS / ISO LIFERAFTS

Multi-brand liferaft service station for all major yacht type liferaft manufacturers..

GAS DETECTION SYSTEMS

Service of portable and fixed gas detection systems.

Handling & Delivery

Yacht safety equipment is treated as a luxury asset. From service station to onboard delivery, every step is controlled.

- Clean vehicle transport
- White-glove unloading
- No deck or interior damage risk
- Silent crew coordination

Custom Hull Match

Standard white liferaft canisters can ruin the aesthetics of a dark or metallic hull.

OZ Bespoke Service:

We paint liferaft containers, EPIRB housings, and safety lockers to match your yacht's exact RAL Color Code.

Midnight Blue • Anthracite Grey • Jet Black

New Equipment Supply:

- Safety Equipments
- SOLAS / ISO Liferafts, Lifejackets, Immersion Suits.
- Pyrotechnics / Distress Signals
- Technical Stores
- Deck Stores
- Nautical Charts / Publications

*All custom painting is performed with marine-grade paints.

Clean Testing Methods

We use advanced methods to ensure safety and cleanliness.

LOAD TESTING

We never use rusty cast-iron weights on a yacht.

We use certified **Water Bags** for testing Cranes, Davits, and Passerelles. They are soft, clean, and safe for teak decks.

External Access & Rail Systems

Harken Rail Testing: Load testing and certification of external access rail systems, trolleys, and cars used for window cleaning and painting maintenance.

Safety Line Tests: Pull testing of safety harness anchor points on the superstructure.

HELIDECK & HANGAR

Compliance: Foam system service and analysis for certified Helidecks.

Deep Blue Safety

Supporting your dive centers and water sports.

SCUBA CYLINDERS

Annual inspection and 5-yearly hydrostatic testing, refilling.

PURE AIR ANALYSIS

Testing compressor air quality to **EN 12021** standards.

REGULATORS

Annual servicing and tuning of breathing regulators.

SERVING THE YACHTING HUBS

Our yacht service team is active in the prime yachting destinations. From the shipyards of **Istanbul and Antalya** to the marinas of the **Mediterranean and Aegean**, as well as specialized services in **Europe (Netherlands/France)**, we are where you need us.
